## Local Baptists Attend Southern Convention

Rev. L. E. Eglow and wife, were in Memphis, Tenn., last week, where 10,000 Baptists from 20 states will meet at the annual meeting of the Southern Baptist Convention, expected to be the largest religious gathering in America in 1948.

Mr. Enlow said that the 26,764 churches cooperating with the Convention have a total membership of 6,270,819, representing a gain of 191,514 during the year 1947.

Climax of the session will be a giant afternoon evangelistic service in Crump Stadium with 30,000 people in attendance with Dr. Robert G. Lee, a Memphis pastor conducting.

The Southern Baptist Convention is one of the most unique organized groups in the world. The Convention is made up of "messengers," not "delegates," from the churches, in that no one carries authority to bind his congregation back to the policy of the Convention. The denominational program is purely one of cooperation, with its evangelistic, educational and social activities planned in accordance with New Testament teaching, and the churches left free to "not cooperate" as they choose.

The churches do choose to cooperate is evidenced by the fact that the total of \$7,000,000 for the Southern Convention's world-wide program in 1947. Colleges, seminaries, hospitals, benevolent institutions and mission work in 36 countries bear testimony to their united work in fulfilling the Great Commission.

**DONKEY RIDING**

Continued from page 1  
their business and places as were those donkeys, no one could stir them from doing their prescribed work.

There were field, base and scoring donkeys, and for players to get them to do anything else but what they were trained to do, brought out the funny episodes of the evening.

Certainly some of the players made spectacles in their attempt to mount, ride and guide their mounts, in head tumbling, exposures, erratic gyrations and unexpected postures were in order of the evening. Seeing the game and its unexpected developments, is where the amusing entertainment comes in, and lets more fun than trying to write an explanatory story of the big party.

Tom Watson admitted that he could not keep his donkey on the "beam." Luther Jones also proved that he knew more about handling negro crews than he did Georgia track miles.

Clarence Bailey left all his dignity and Sewell lost his "royal" hat. Doc Creech managed to get on the "home run" donkey and scored one run. The contest was made by the Rotary. Lou Betzer was the "star" of the evening.

With many of the players it was like a golf game, namely two down and one to go, but they never reached the desired goal for these darn mules were unpredictable in their notions and actions.

Some of the players thought that Sara Creech, as plate umpire, was favoring the other side, and threatened to pitch her out of the game and field. Her calm judgment saved her, under the argument that the "gals" might spring some tricks of their own, equal to the donkeys.

Lion Mathis, heel-hawed over the sound system, trying to keep the big crowd informed as to the progress of the game, and that was no little task in itself. Yes, it was a great entertainment.

**Sports Club Has Election Of Officers**

Coach Wm. H. Cooke met with the letterman from all of the sports to organize a club for all boys lettering in one or more of the major sports. The club will be called the "B" Club and officers elected are Billy Joe Leathers, president; Jerry Coe, vice-president; Jim Buck Layfield, secretary and treasurer; and Lee Burke, sergeant at arms.

A committee consisting of four boys will draw up a constitution and by-laws for the club, and meetings will be held on the 1st and 3rd Mondays of each month. The committee is composed of Harry Doger, Jerry Coe, Jim Buck Layfield, and Billy Joe Leathers.

**Local Persons May Take Examination For Revenue Collector**

Word has been received by the local Civil Service secretary, M. K. Wright, at the local Post Office, that examinations for the position of Internal Revenue Collector may be taken by any local person. If you take the examination and are found

qualified for the job a position will be found for you in one of the following states: Alabama, Florida, Georgia, South Carolina, and Tennessee. The entrance salary is \$2,644 per year. Veterans who qualify in this examination will be given preference as provided by Veterans' Preference Act of 1944. All applications must be received by the U. S. Civil Service Commission, Regional Office, Atlanta, Ga., not later than June 7, 1948, to be acceptable.

All persons interested may contact M. K. Wright at the local Post Office for full particulars.

**NO PART**

Continued From Page One  
The fact that these and other rumors about things that happened by candidates and friends of candidates affecting our City employees and elected officials help prove my contention that we should not have a one man City government—on man Mayor, Municipal Judge, Chief of Police. I think the great wrong is in the laws governing our City set-up. I believe that the Mayor, Municipal Judge, City Clerk and Chief of Police all should be elected by the people. Then there could be no charge of a one-man machine, whether it is true or not.

"It is very regrettable that the City of Belle Glade, its police force and its Mayor have received such unfavorable publicity because of the affidavits and other newspaper articles that have appeared in the Palm Beach papers. These charges, whether true or not, have given a black eye that will take years to erase."

"I believe that an investigation of these charges should be made, and if proven true, then the guilty persons should be handled in accordance with our laws. If an investigation shows no truth to the charges, then the accused persons should be cleared and freed of stigma."

"Our municipal set-up is dangerous to a progressive future when the elected Commissioners give powers to one man and then blindly endorse all actions of his office whether in the community's best interests or not. At the next meeting of the City Commission, I will introduce discussion on the holding of a special election wherein the citizens of Belle Glade can answer by vote the following questions: 'Shall we have a City Manager type of government?' 'Shall we have an elected or appointed Chief of Police?' 'Shall we have an elected or appointed Municipal Judge?'"

—W. W. Weeks

**POLAND STUDIED AT W. S. C. MEETING**

The meeting of the W. S. C. S. was opened Wednesday afternoon with a prayer by the Rev. Lee Spivey. Mrs. C. L. Taylor presided over the business session during which time a letter was read from Dr. Lee Spivey thanking the Society for the donation sent for the support of the Mayan Indian girl student at Florida Southern College at Lakeland.

The devotions were led by Mrs. M. M. Sabiston, and a program on the missionary opportunities in Poland was presented by Mrs. Hugh Bradley. Hostesses for the social hour were Mrs. H. L. Royal, Mrs. Charles Maynard, Mrs. T. C. Pope, and Mrs. George Royal.

**Much Enthusiasm Being Shown For Soft Ball**

Coach W. H. Cooke, who is to spend most of the summer in Belle Glade, supervising the new educational recreation program, states that he has found unexpected support for the project, and is most encouraged with the outlook.

He already has around a dozen firms and persons who are willing and anxious to sponsor teams in the soft ball league. In fact it looks as if there would be more sponsors than there will be players to form teams, and there may be more "Dad's" teams formed.

The parties who have shown willingness to sponsor teams, will meet with Coach Cooke, next Monday evening at 8 o'clock, at his school house office, to draw plans, and the successful ones, when drawn up by the League Rules and Regulations and schedule.

**Local Post Office To Close Monday**

According to assistant post mistress, Rosa Nash, the local post office will be closed next Monday. The occasion is Memorial Day which falls on Sunday but will be celebrated on Monday.

There will be regular mail service with the exception of the windows being closed. The office will be open all day Sunday and anyone desiring a large amount of stamps is urged to get them before Monday.

tion of that nature, was just too much for me, so with some regretfulness in so doing, I made up my mind to resign, and did so, and that is the story."

City Solicitor H. D. Beck, in further pursuance of the City charter states: "that in occasion of a vacancy on the Board of City Commissioners, Regional Office, Atlanta, Ga., not later than June 7, 1948, to be acceptable."

"If the resignation is not accepted prior to the 90 day period, then no special election is called, and a successor will be elected at the municipal election in September."

Under prevailing conditions, the next election, three commissioners will be nominated and elected, instead of two, as the terms of W. W. Weeks and Harold Rabin end at that time.

**VISIT EXPERIMENT STATION**

the coming fall and others seasons.

Agent Speer cites that the past season the Glades had a very favorable season for the distribution and marketing of our corn, being able to dispose of about everything that was grown. However, with the successful corn growing program in Florida, the Glades will be having plenty competition in future seasons, in a market way, and it behooves action to learn new ways of raising corn, harvesting, grading and shipping corn and tomatoes, and some other foods and fruits.
